<<Date>>

Dear <<insert title>> <<insert surname>>,

We need a current meter reading

A meter reader appointed by extraenergy recently attempted to read your meter, but was unable to do so.

Please provide us with a current meter reading to prevent us from using estimated reads to calculate your bills.

Providing your meter readings couldn't be easier, you can either:

By email

You can simply reply to this email with the following information:

- The meter point reference number (MPRN) / meter point administration number (MPAN)
- The date the read was taken
- The meter read itself

Online portal

You can also log into your My extraenergy online portal to enter your meter readings at www.extraenergy.com/myextraenergy

If you haven't already registered for this service, please visit www.extraenergy.com and follow the simple on-screen instructions. Here you'll be able to view your account and submit meter readings.

Once we have your new readings, we'll make sure your bills and statements are correct. If you've already sent us meter readings recently, you don't need to send them again, but please do continue to submit readings as frequently as possible.

Yours sincerely,

Ben Jones
Managing Director of Operations
